Ancient glacial rocks along the coast are similarly sensitive and at risk.

Everyman's Rights

If possible, look for a place where fires have previously been lit and not on age-old rocks which could blacken and crack.

Slow-growing lowland vegetation such as lichens, mosses and dwarf shrubs are easily damaged and rocky fells are sensitive to erosion. The essays in this reprinted edition are still relevant as the nation continues to interpret our framing legislation in light of the concerns of today and to balance citizens' rights against those of corporations. Experience the thrill of discovery when you come across a cluster of bright yellow chanterelles.
