Sports Field & Court Builder, Lighting & More

The game-court concept was popularized by Sport Court in the 1970s, and some generic references are made to game courts as 'sport courts', although that is a trademark of Connor Sport Court International, LLC. Our custom court solutions incorporate advancements in design and engineering into multi-sport floors, basketball systems, and associated products to deliver superior products for professional play or recreation. The pitch is prepared differently from the rest of the field, to provide a harder surface for bowling.

Our interlocking modular tiles are designed to accommodate thermal expansion and contraction with vertical leaf spring- type flex joints, integral to the design, and insuring longer tile life for your basketball or tennis court. They are usually smaller than a regulation tennis 120' x 60' or basketball 84'x50' court, although there is no set dimensions or size for a game court.
