## Geography of Israel

Ritual Jewish art includes beautifully crafted menorahs candelabra , wine cups, candlesticks, tallit prayer shawls , and other ceremonial objects. On 14 May 1948, when Israel proclaimed its independence, the declaration was met by an invasion on behalf of the Palestinians by the armies of Egypt, Jordan, Syria, Lebanon, and Iraq.

## Geography of Israel

Entrance standards are high, and students must pass a national exam before being admitted.

As a result many of the inhabitants of the Palestinian areas are unable to produce enough food or find work to support themselves and their families; because of this the less fortunate residents must turn to the various aid groups in the region who provide work, food, and entertainment to meet their basic needs. David Ben-Gurion's vision of a national language, which would allow Jews from different parts of the world to communicate with each other, was an important element of the Zionist movement. Other popular dishes include tabuleh a salad of bulgar wheat and chopped vegetables , hummus chickpea paste , grilled meats, and eggplant.

## Geography of Israel

However the Palestinians are not the only one who uses geography class to polarize the students, for much of their education students in Israeli schools use textbooks that focus primarily on Israeli history and the geography of the Israeli controlled areas. I am doing research about the ancient Israel's customs regarding betrothal and marriage. Judaism focuses more on the here and now, rather than the concept of an afterlife.

## **Geography of Israel**

Bellingham, WA: Lexham Press, 2016. For this reason the flora and fauna of Israel is extremely diverse. The constant influx of new leaders, ideas and peoples throughout these occupations made it difficult for the inhabitants over the years to coalesce into a single entity rather than many different small groups whose only tie is the area they live in.

## **Geography of Israel**

This has been caused by millennia of successive occupations by every world empire from the Romans to the Persians. For example many maps published in Palestine avoid direct references to anything having to do with Israel, sometimes even to the point of leaving major Israeli cities off the map. Precipitation is often concentrated in violent storms, causing erosion and flooding.
