Nkrumah and the Ghana Revolution

Management accounting in less developed countries.

Nkrumah and the Ghana Revolution

This accentuated regional differences and jealousy.

The Ghana Revolution, from Nkrumah to Jerry Rawlings (1982 edition)

One of the people apparently involved was Kwesi Amako-Atta, a former deputy governor of the Bank of Ghana and finance minister under Nkrumah, who had been arrested alongside Batsa in the aftermath of the coup. These men are buried there today. The story therefore shows that the Soviet presence in postcolonial African states was not always a construction of Western propaganda or imagination, even if this influence was fairly limited, as in the post-1966 Ghanaian case.

Nyanibah, who hailed from Nsuaem and belongs to the Agona family, was a fishmonger and petty trader when she married his father. New Africa released a video on Nkrumah's rise and fall, it covers much of the same ground but the criticism section contains specific examples of why Nkrumah haemorrhaged support and his exile was met with mass street parties.

Nkrumah and the Ghana Revolution by C.L.R. James

If it's your first time on the site, or you're looking for something specific, it can be difficult to know where to start.

Nkrumah and the Ghana Revolution

Less than two weeks later, a senior StB officer in Prague codenamed DUB passed on the decision to Hotárek in Accra: Batsa would be used for intelligence purposes in line with the plan to establish conditions for a leftwing coup—under the condition of strict secrecy.

Nkrumah and the Ghana revolution (1982 edition)

The extent of Nkrumah's involvement in plans for a counter coup is not fully clear, but he must have been at least partly informed, given his regular communication with Cabral and representatives from Soviet-bloc countries.

Kwame Nkrumah

This was fortunate because it would allow Nkrumah's supporters to undertake a coup with a small group of armed men. The story of Batsa and Operation ALEX gives us only a small window into the kind of plots that the StB and the KGB were engaged with in post-revolutionary Ghana and their real—and imagined—competition with the Western intelligence services.
