Sea Survival: Practical Course Notes by Royal Yachting Association (Paperback, 1996) for sale online

Target Group Personnel who will be working in the wind industry or related fields, and will carry out their duties in a wind turbine environment, usually in physical contact with a wind turbine or offshore wind structure. It is a core part of the course and is one of the 2 modules that require training every 5 years.

GWO Sea Survival and Boat Transfer

OR The course may be unavailable in the country you have chosen OR Contact your local training centre for help.

GWO Sea Survival Refresher E

The purpose of this sea survival training is to provide the essential knowledge and experience of personal survival principles to maximise the chances of survival in the event of an emergency, including practical training in the use of life jackets and inflatable life rafts.

GWO Sea Survival and Boat Transfer

Demonstrate safe transfer from vessel to dock, vessel to foundation and vessel to vessel. An update course also provides a valuable refresher to cruising sailors.

Proficiency in Survival Craft

GWO BSTR Sea Survival training helps you to refresh and strengthen previously gained knowledge and skills. Please note that care will be taken to follow COVID-19 guidelines throughout the course with some drills altered to ensure compliance. You will receive the booking confirmation for the practical day 3.

Safety & Sea Survival Refresher Course

The Survival at Sea training is for any one working at sea, or dock workers exposed to sea.
