Why not let two symbols mean lesbianism and three symbols mean the sisterhood of all women? The two, of course, had to be slightly off-center to avoid the arrow of one intersecting the circle of the other. For women, this results in a nice, even row of symbols.

Gay, Lesbian, Bisexual, & Transgender Symbols

At first, web page authors started making the backgrounds of their sites all black in protest of such censorship. Just as the pink triangle has been reclaimed, lesbians and feminists have begun using the black triangle as a symbol of pride and sisterhood. I've also been told that some people wear their triangles pointing up if they personally know somebody who has died of AIDS.
