## On the Way to Becoming a Global Leader in the Point

It delivers complete IT solutions and services for Western European enterprises and startups, with offices in the Romanian cities of Oradea and Cluj-Napoca, in addition to its presence in the Netherlands, UK and Germany. The tidal features still connected to these galaxies indicate that more HI will soon be lost to the IGrM, while that which remains in the discs will likely be consumed by star formation episodes.

## HICKSON COMPACT GROUPS

CCGs differ from HCGs in that they employ high voltages between the electrodes in the kV range , in place of a hot filament, to generate free electrons and a crossed magnetic field to create a controlled electrical current path in the gauge.
