## Early modern Europe

Following the and the birth of , Papal claims to universal authority came effectively to an end.

## Europe 1450 to 1789 : encyclopedia of the early modern world

Its main theatre was the city of Paris, but subsidiary slaughters were effected in many other places. The Spanish, French, Dutch and British states all sponsored prizes and research into the problem of discovering longitude at sea, leading to the development of lunar tables and the marine chronometer in the mid-18th century. A Reform movement, indeed, had shown signs of beginning in England before 1527, and probably it A'ould have developed into a popular agitation towards the middle of the century, if the king had not intervened, taken command of it, and directed it to his own ends Three sets of causes were leading towards it.

## Early modern Europe

They carried both Granmer and the young king with them, and prepared the way for a further Protestant advance.
