### Master's in Law (MLaw)

Use , our Interlibrary Loan system, to request dissertations from outside the US and Canada. Analytic tools for researching and tracking market sectors as well as individual securities. You do not even need to have an office in Estonia unless it is actually necessary for the running of your business.

### Databases A to Z

Recourse to an Interpreter Having an interpreter is always possible. Content includes reference works, academic books, professional development titles and more. HeinOnline is available courtesy of

Filesize: 31.65 MB

the Northeastern School of Law Library.

### UTS: Alphabetical list of subjects

As a part of Web of Science, Book Citation Index allows users to search seamlessly across books, journals and conference proceedings to find the information most relevant to their work within one platform.

### Databases A to Z

WRDS provides the user with one location to access over 200 terabytes of data across multiple disciplines including Accounting, Banking, Economics, Finance, ESG, and Statistics. This resource provides an overview of the real estate industry. There is full text access to the ASCE journals for which Snell library has a print subscription.

### **Business Source Complete**

Designed for a wide audience of students, academics, researchers, and professionals. PrivCo is a premier source for business and financial research on US-based, non-publicly traded corporations, including family-owned, private equity-owned and venture-backed companies.

### **Business law in Estonia**

Estonian Export Directory in the web:. Retrieved from Kiss, Bow, or Shake Hands database. The Encyclopedia of Food Safety provides unbiased and concise overviews on a broad range of food safety topics including: History and basic sciences that support food safety; Foodborne diseases, including surveillance and investigation; Foodborne hazards, including microbiological and chemical agents; Substances added to food, both directly and indirectly; Food technologies, including the latest developments; Food commodities, including their potential hazards and controls; Food safety management systems, including their elements and the roles of stakeholders.
