**Pragmatics of Human Communication: A Study of Interactional Patterns, Pathologies and Paradoxes by Paul Watzlawick, Janet Beavin Bavelas, Don D. Jackson 0393707075 9780393707076**

Prekvapivě je množství odborných děl 166 , která jsou citována a o která se autoři opírají. Turner offer a toolbox of key skills so students can actively choose and experiment with strategies appropriate for a given situation.

**Pragmatics of Human Communication: A Study of Interactional Patterns, Pathologies and Paradoxes by Paul Watzlawick**

Basically, the axioms of communication that Watzlawick, Beavin, and Jackson bring into light is that behavior is ultimately an unstoppable happening: Our behaviors are not just in our words, but they are in everything. This axiom is a real beauty as it explains otherwise unexplainable communication deadlocks. Lo que olvidaron mencionar, incluso en los apuntes de la asignatura, es que en Palo Alto trabajaban la Psicología de la Comunicación, no la Comunicación propiamente dicha, y que lo único que me interesaba realmente del libro era el primer capítulo, que encima no dice nada que no venga en los apuntes.

Notes from midterm: Watzlawick, Beavin, and Jackson also assert the vital role of interpretation in communication.

### **Pragmatics of Human Communication: A Study of Interactional Patterns, Pathologies and Paradoxes**

Dílo je zakončeno nesmírně zajímavým epilogem, kde jsou některé závěry knihy zasazeny do kontextu existencialismu. There were tricks and traps set for us by the very nature of our language structures and other means of human communications.
