How to Invest in Mutual Funds & Which Ones to Buy

The monthly returns are then compounded to arrive at the annual return. By understanding the basic concepts discussed here, you'll be equipped to construct a rock-solid mutual fund portfolio of your own. But other asset categories - including real estate, precious metals and other commodities, and private equity - also exist, and some investors may include these asset categories within a portfolio.

How To Buy Mutual Funds

Just a few weeks shy of its third birthday, the Global X FinTech ETF NASDAQ: has rapidly become one of the kings of the fintech ETF universe. This does not need to be done too often; for example, it can be done once a year or if your funds have deviated more than 5%-10% from your targeted asset allocation. Brian Nelson is a Denver-based writer who specializes in writing about finance, technology, and other complex topics.

What Are Mutual Funds?

Mutual fund ratings are based on past performance, not future expectations.
