Stalinist Terror: New Perspectives

During the purge period, the trade unions experienced great changes both in their personnel and in their structure. Soon after its launch, the regional NKVD and party bosses asked Stalin to increase the arrest quotas, as a way of courting his favor and demonstrating their dedication. All of the bodies identified from the mass graves at Vinnitsa and Kuropaty were of individuals who had received this sentence.

Stalinist Terror: New Perspectives

In 1934, Stalin used the murder of as a pretext to launch the Great Purge, in which about a million people perished see. Bukharin's confession in particular became subject of much debate among Western observers, inspiring Koestler's acclaimed novel and philosophical essay by in Humanism and Terror. The seemed to vindicate Stalin's suspicions.
