**FAMILY PRESERVATION  
SERVICES: TYPES OF SERVICES  
RENDERED BY SOCIAL  
WORKERS TO AT**

Journal of Abnormal Psychology 93:106-114. In a more recent investigation

Filesize: 34.69 MB

involving prepubescent ages 7 to 12 maltreated children, Kaufman 1991 found a disproportionate number of the maltreated children who met the diagnostic criteria for one of the major affective disorders. Primary prevention programs are aimed at the population in general.

## Children's Services

Global Crime, 10 4, 368-395.

## Child Victim Services

A critical analysis of risk assessment in domestic violence cases. As a result, other programs have been initiated in more recent years to support family unity and cohesiveness. Other women from the region shared their concerns and in 1991 the group received funding from the government to establish a service to address these problems.

## Risk assessment and decision making in child protective services: Predictive risk modeling in context

Preliminary evaluation of an intervention program for maltreating fathers.

## **Child Protection**

A review of parental alienation, DSM-5 and ICD-11 by William Bernet. The initial idea was to provide services to children up to 12 years because at the time that was the age group that seemed to be most vulnerable.

## **Provincial and territorial child protection legislation and policy**

But nowhere is the record good: in Mississippi, 52 percent of children live beneath the income level required to meet basic needs; in New York, 41 percent; California, 42 percent; Wisconsin, 35 percent. The role of, a voluntary post, was created in the United Kingdom under the 1989 Children Act to befriend and assist children and young people in care.
