Evaluation of the effectiveness of music therapy in improving the quality of life of palliative care patients: a randomised controlled pilot and feasibility study

This bill is an opportunity to make some amends. I would never admit such a thing.

Debates (Hansard) No. 140

For a bill to be significant, it has to cover all that has to be covered, respect freedom of expression and involve everyone concerned. Music is the vocational passion of my life and it's what I'm building my on. I asked them when this started.

Music Therapy

Heart Disease Heart disorders are a broad category of illness featuring a malfunction of the heart.

5 Problems Music Can Create

My bill asks only one thing and that is to re-establish the most basic justices.

Music therapy

All authors contributed to and approved the final manuscript. In 2001 a Toronto food bank raised the alarm when people aged 60 and over accounted for 10% of its users and only a minority of these individuals knew about and were receiving GIS and allowance benefits.

Evaluation of the effectiveness of music therapy in improving the quality of life of palliative care patients: a randomised controlled pilot and feasibility study

Government Response to Petitions Hon.

Music Therapy

MC participated in the study design and coordination. Bradley Trost: Madam Speaker, having had the pleasure of serving on committee with the hon. Evaluation of the effectiveness of music therapy in improving the quality of life of palliative care patients: a randomised controlled pilot and feasibility study.
