### A History of Rome through the Fifth Century

Alaric lead the Asiatic Huns to attack the Roman Empire, sacking Rome in August. Rome, still to this day, is filled with picturesque ruins, even though it is a city of two and a half, three million people.

### History of Massage Dates Back Over 5,000 Years

There were reports of kings of Rome in the early days before the last of them, Tarquin the Proud, was expelled and the Roman Republic was founded, which was believed to have happened in 510 BC.

### Chapter 6: The Roman World from 753 BCE to 500 CE

### Rome Halts the Huns

The proposed reforms of Gaius Gracchus were overturned after his death, but the legacy of the Gracchi for the remainder of the history of the Roman Republic cannot be underestimated.
