Criticism of Buddhism

A punishment, which deliberately hurts or destroys another being implies that there is no other way that person can develop and learn from their mistakes. Often shrines and temples are attached to a monastery and shrines can also be found in the home environment.

Buddhism

The Buddhist view of human suffering is that it is caused by people trying to find happiness through selfish actions. Many indigenous converts place greater emphasis upon the practice of meditation than upon monastic life, and since the mid-20th century a steady stream of books and other media have reflected this trend.

Basics of Buddhism

Sexual symbolism can be used in meditation to help the practitioners realise their inner potential. In our livelihoods, by seeking work that does not harm other beings and refraining from trading in weapons, breathing things, meat, alcohol, and poisons, we can feel more at one with nature. Furthermore, the story recounts that eight special rules were placed upon them that make it clear that they are subservient to the order of monks; for example, a nun must never correct a monk, while a monk may correct a nun.

Buddhism in China

Moreover, humans grow increasingly dependent on machines, and the boundary between humans and their supporting machine environment is becoming blurred, approaching a complete erasure.
