### My Truth: The Rape of Two Coreys (2020)

Running time 85 minutes Country United States Language English My Truth: The Rape of 2 Coreys is a 2020 American directed by and produced by and Arthur Jameson. The film was said to have been streamed simultaneously for the world premiere. Thank you Don for being so raw in this book to inspire and help others.

### My Truth: The Rape of 2 Coreys

Among the names, Feldman alleged Haim had said actor raped him while making the 1986 film Lucas.

### About "Your Truth" and "My Truth"

In his new documentary My Truth: The Rape of Two Coreys, which debuted on Monday night at a screening in Los Angeles, Feldman listed the men who he says sexually assaulted him and his friend when they were child stars. Haim said after it happened Sheen became very cold and rejected him. I also like the questions at the end of the chapters because it gives you an opportunity to reflect on your life and what you can do to help improve your self.
