Trade Integration more important for Latin America and the Caribbean as growth slows, World Bank — MercoPress

It is published as part of our mission to showcase peer-leading papers written by students during their studies.

United States

The trend since the 1950s involved a relative decline in bulk liquids such as oil and more dry bulk and general cargo being traded.

Foreign direct investment and its drivers: a global and EU perspective

In the past century, advances in trade have grown dramatically.

Extension: What is Regional Integration?

On both counts, policy coordination is required in the process of economic integration. At its most basic level, countries want to encourage the growth of their domestic businesses by expanding trade with other countries—primarily by promoting exports and encouraging investment in their

nations.
