The Art of Icon Painting in a Postmodern World: Interview with George Kordis

Maximos the Confessor in Kostolac, Serbia, among others. Maybe its the icon of the saint who is commemorated on that particular day, or of Jesus or the Mother of God. A couple of years later, I joined three other friends from my parish in Memphis for a weekend pilgrimage to Chicago for the purpose of venerating several miracle-working icons at three different Orthodox Churches.

Characteristics of Icons

While Moses and Elijah are level with him, they are not presented in a way that would divert our attention from Christ. But he gazed at these four icons for hours at a time, and, after patient, prayerful stillness on his part, they began to speak to him. This struggle is a struggle not only for justification the remission of sins but also for sanctification, or theosis: the achievement of innocence, becoming fully human.

In this way the icon could demonstrate the belief that the Church is the living Body of Christ in time and space, where all members are embodied and live. His elegant Palaeologan iconographical format provides a bridge between the traditions of the 15th century Cretan school and 16th century art. In these works, Theophanis places Christ in a round aureole or mandorla.
