The Middle Parts of Fortune

The ending was unexpected, beautiful and perfect; it lingered and I wanted it to. There was nothing deliberate in either of these actions, they were purely spontaneous. If you're looking for a good book about war, particularly the First World War, look no further.

The middle parts of fortune : Somme & Ancre, 1916 (Book, 1977) [ne-x.uni.rf.gd]

They picked up with some woman or other, and she walked part of the way back with them over the golf links.

They, too, had lost their way, and asked him questions in their turn; but he could not help them, and they developed among themselves an incoherent debate, on the question of what was the best thing for them to do in the circumstances. He arrived at the crisis of a scene; the adjutant, Captain Havelock, was at his table, looking irritable and rather nervous; at one side was the colour-sergeant, shaking with fury as he spoke, and opposite the adjutant was the regimental, perfectly cool and with a slightly supercilious smile on his face.

ne-x.uni.rf.gd: The Middle Parts of Fortune (9781743169377): Manning, Frederic, McGeagh, Stanley: Books

They had put, at least partially, their own words to the air of song sufficiently sentimental: Oh, they've called them up from Weschurch, And they've called them up from Wen, And they'll call up all the women, When they've fucked up all the men. Yes, he was pepper; and apparently he received, and in some cases repeated, instructions concerning a rat-hunt, and these were all about rats, and poles, which would be found at Potsdam Dump, and salt.
