### Rectors' Policy Recommendations

Several of the Principle Investigators involved in the initiative will provide an overview of the network and catalog: Tamara Ledley, Mark McCaffrey, Anna Gold and Frank Neipold.

### 7 Easy Things We Can All Do to Reach the Sustainable Development Goals

Unfortunately, some policy experts are already saying that we run the risk of. Help Students Learn Through Their Strengths Children are born with brains that want to learn. It can launch an , a to support the goals, or simply help promote them via media.

### Your education makes a difference: 4 community benefits of a college degree

I am also convinced that businesses have an important role to play in addressing global challenges.

### Harvard Sustainability Plan

We have explored what this might look like for three areas of business: shipping freight, business air travel and commuting. Sectors such as consumer goods that are built on just-in-time delivery models and rely on components from different parts of the world would be hit hardest. Studies show that the habits of college graduates contribute to healthy communities in a few different ways.

### Stepping Up To A Sustainable Future Post COVID

September 16- Education and Actions for Sustainable Development and Climate Change Students and faculty at Monash University in Melbourne, Australia share their insights and experience in a panel discussion on topics including: Sustainability and climate education at a grass-roots community level, How Higher education can empower agents of change, and Sustainability education initiatives in Malaysia. His expertise is the production of educational projects and the professional development of teachers. They're also born with different strengths -- and they grow best through those strengths.

## **Revolving & Evolving: WeCycle is helping create a sustainable future for West End youth**

Educate Your Friends, Colleagues, and Families on the Global Goals Just talk about the goals. Challenges and Opportunities of Community Engaged Teaching By Joe Bandy, CFT Assistant Director For experienced and inexperienced educators alike, community engaged teaching can present unique and sometimes difficult challenges for which many are not equipped. Morehouse College and Spelman College are just blocks away and West End Park is across the street.
