Water (Catalog)

Natural history of useful aquatic animals: Washington, DC, U. Schubel, 1978, Environmental effects of sand mining in the Lower Bay of New York Harbor, Phase I: Marine Sciences Research Center, State University of New York, Stony Brook, New York Special Report Series No. Bradley, Kluwer Academic Publishers, Netherland, 239-258.

North Sea

Anecdotal evidence see statement by Dr. National Oceanic and Atmospheric Administration, 1973, Long Island Sound : dissolved oxygen: U.

Monthly oxygen and carbon budgets of the New York Bight Apex

The cause: fishing mortality fishing pressure had been allowed to rise dramatically to 8 to 10 times the sustainable level by the end of 1999. Martinson, 2001: The impact of sea ice concentration accuracies on climate model simulations with the GISS GCM.

Monthly oxygen and carbon budgets of the New York Bight Apex

The economic activity generated by billfish tournaments alone is orders of magnitude greater than the commercial landings of Atlantic billfish by the international community.

2001 Petition

As discussed in detail in Section VIII, below, the best available scientific information has documented a severe population or stock decline caused by commercial over-fishing by many nations targeting swordfish and tunas. Journal of Physical Oceanography, 34 1 : 258-271.
