Adopted Plans The City of Manvel has adopted the following plans. Development within the City and its extraterritorial jurisdiction ETJ is encouraged.

## Major Thoroughfare Plan Update

Special Area Plans Like the Comprehensive Land Use Plan, Williamson County's Special Area Plans are designed to help communities within the Unincorporated County realize a vision for their future. In short, all other streets not previously listed are considered local streets that function to provide access from individual properties to the thoroughfare network.

## Major Thoroughfare Plan Update

The print version of the Major Thoroughfare Plan, together with any subsequent amendments adopted by the Planning Commission, remains the official version of the Plan. A Collector Street may be a Minor Collector or a Major Collector.

## City Thoroughfare Plan definition

In general, for the purposes of the MTP, thoroughfares are major roads, known as arterials. A Thoroughfare Plan provides a functional hierarchy of major streets that permits travel between origins and destinations with directness, ease and safety, and is designed to: provide for the orderly development of an adequate major street system as land development occurs or as traffic increases; reduce the costs of major street improvements, mainly through coordination with private action; reduce travel and transportation costs; enable private interests to plan their actions, improvements, and development with full knowledge of public intent; minimize the disruption of people and business development can be prohibited in a road corridor; saving future disruption ; reduce environmental impacts on air quality, wetlands, historic sites, parks and other publicly used recreational areas, archeological sites, endangered species, and neighborhoods.
