The Art of Warfare in the Age of... book by David G. Chandler

. As another contribution to 'synthetic' history, it is a very successful exercise.

Battle of Hohenfriedberg

Chandler was a British historian whose study focused on the Napoleonic era.

The Art of Warfare in the Age of Marlborough by David G. Chandler

At this point the Prussian, an oversize unit numbering around 1,500 men, entered the battle. The work is written in a military aspect. .

The Art of Warfare in the Age of Marlborough by David G. Chandler

Chandler explains the way that late 17th and early 18th-c. While there is really nothing new contained here, I think this book is valuable for the quality of its information and research, its objectivity, and the concentration of a great deal of useful and interesting information in one volume. The art of warfare in the age of napoleon is a wonderfully written and brilliantly argued monograph that demonstrates the changes in europes militaries throughout the napoleonic wars although the work is less than 300 pages rothenberg includes a wealth of information and data that informs on a number of different aspects concerning warfare in the period.
