[CALL FOR PAPERS] Agricultural Frontiers and the Amazon: Lived and Contested Agrocultural Spaces

The series of workshops and a coordinated engagement during two years will led to the consolidation of the Agro-Cultures Research Network, which will include additional academics in the core universities and in other regional centres of research, speakers and participants in the various workshops, and the academic, policy-making and non-academic communities.

Frontiers and deforestation

On occasion, euryhaline foraminifers were introduced by avian transport and reproduced for a short period in groundwater influenced lakes and ponds e. Such values refer to a pure freshwater environment and are incompatible with the interference of isotopically heavier, marine waters or a stable isotope enrichment by evaporation.

Post

Chicago: University of Illinois Press.

Road Building in the Amazon

Governing the Rainforest looks at development and conservation efforts in the Brazilian Amazon, where the government and corporate interests bump up against those of environmentalists and local populations. These authors refused other decapods as producers of these Thalassinoides traces, as well as an adaptation of their constructors to freshwater. Despite this importance, its geological and paleo-environmental history, the structure and functioning of its ecosystems, its natural resources and the fragility of its environments remain little known.

Contested Frontiers in the Syria

Managing forest remnants and forest gardens in Peru and Indonesia.

[CALL FOR PAPERS] Agricultural Frontiers and the Amazon: Lived and Contested Agrocultural Spaces

Regional soils are products of long periods of weathering, predominating thick and nutrient-poor Ferralsols and Acrisols. Social scientists, interdisciplinary scholars and organised civil society actors all share the responsibility of contributing ideas and solutions towards solving grave environmental and developmental dilemmas. Geography of the Physical Environment.

Frontiers

Title Summary field provided by Blackwell North America, Inc. A group of five British, Brazilian and Colombian universities Cardiff, KCL, Federal University of Mato Grosso, Federal University of Rondonia, in Brazil, and the National University of Colombia intend to organise five workshops two in the UK and three in South America to involve international experts, national scholars and regional academic and non-academic stakeholders such as farmer associations, local authorities, community and church organisations, cooperatives, NGOs, artists, etc. Between 2006 and 2016 she was part of the editorial collective of the open-access ACME: An International Journal for Critical Geographies.

Contested Frontiers in the Syria

Foraminifers and ostracods from Porvenir sample PO-N-8.
