Quickbooks vs. Quicken: Knowing the Difference

One of the primary purposes of using bookkeeping software like QuickBooks Online is to determine the health of your business at any given point in time. Why not do it with a longstanding QuickBooks Advanced ProAdvisor? In our free QuickBooks course, we will teach you what you need to know to manage your own books. There are also many courses on how to use it for various kinds of businesses.

Training for QuickBooks®

I didn't have any knowledge of Quickbooks before this class. The classes I took with Alicia on QuickBooks for Mac was very informative. Quicken is not an online software and instead, you must download the application for either a Windows-based machine or Mac operating system.
