The Tank Museum

However, on the Allied side, the aspects of local command and tactical independence at any level clearly marked the dominance of rigid WWI era tactics.

Frequently Asked Questions

Some have been even used in low-flying dropping tests from TB-3 bombers, without success.

WW2 tanks and armored vehicles (1939

It began in November 1939, both for tactical and practical reasons. Remarkably, this crew remained together for the rest of the war without being knocked out.
