Algebra 1

Increase the first slot by the difference and decrease the second by the difference. The pan-Eurasian heritage of knowledge that included mathematics, astronomy and navigation found its way to Europe between the 11 th and 13 th centuries, primarily through the Iberian Peninsula, which was known to the Arabs as Al-Andalus.

Welcome

This problem was almost certainly written to help students understand mathematics — but what's special about it is it's nearly 4,000 years old! Word History For much of the Middle Ages, the center of scientific learning was not Europe, but the Islamic world of the Arabs. It's a popular notion that such problems were invented to torment students, and this might not be far from the truth. To ensure these materials
