### Patient and public involvement in doctoral research: reflections and experiences of the PPI contributors and researcher

Given that the current doctoral research was about PPI focusing on inclusivity and diversity, efforts were made to primarily recruit PPI contributors from BAME backgrounds and individuals with and without prior PPI experience post-funding.

### Academic Rites of Passage: Reflection on a PhD Journey

What is public involvement in research? Making Sense of Information Gathered. Treating my PhD students as fellow travellers recognises my sense that I am merely more progressed on my research journey, rather than able to offer definitive advice to others on how they should undertake theirs. This paper provides a descriptive account of PPI process, personal reflections of both the PPI contributors and the researcher on their experience of involvement in this research and its impact on the involvement process.

One examiner report was positive but the other was completely the opposite. The longer these emails stay there, the more guilty I feel because of the time and effort the person has spent writing it and how distressed they are feeling. Post-funding- recruitment of PPI contributors Once funding was received, two new PPI contributors XY and AR , who were part of the Greater Manchester PSTRC Research User Group RUG were recruited to be involved in the PhD research project.
