In this role I not only had the responsibility for finance and administration of 6 entities within the Waikato Anglican College Trust group, but also for the management of buildings, facilities and grounds of the two campuses including oversight and management of some significant capital projects.

I have only recently retired from the Board of Waikato Diocesan School for Girls after nearly 11 years. I am delighted to be included in the Alandale team and one of the custodians of this beautiful Village. Top 10 biggest cities by population are Wichita, Overland Park, Kansas City, Olathe, Topeka, Lawrence, Shawnee, Manhattan, Lenexa, and Salina.

### What Does Arriba! ;Andale Mean?

On the academic side I was a Chartered Accountant for 40 years and have also graduated with a Master of Business Administration from the University of Waikato. Our chicken and eggs are always all natural antibiotic and hormone free, our dairy products are all RBST-free and our seafood comes from sustainable sources. This is particularly what attracted me to Alandale and I fully support the philosophy of independent living of the residents while still being part of a vibrant and active community lifestyle.

### Sandale Dama Rosana Negre

About Us The Alandale Foundation bought the Village in 1996 and owns the land on which the village is located.

### What Does Arriba! ;Andale Mean?

Ruth and I moved into the village in 2017. Nine years of leading the Dio community has also confirmed for me the importance of community

engagement to personal purpose and wellbeing. My passion is to use the experience I have gained to the benefit of the Alandale community.
