Those Whom God Hath Joined Together by Burk Parsons

The critics, who know everything, had denounced the book as blasphemous, horrible, coarse, drivelling, with the pleasing result that it had an exceptionally large sale; and although most people, guided by the big dailies, said they were shocked at the publication of such a book, yet they secretly liked the brilliant incisive writing, and wanted to lionise the author, but Eustace getting wind of the idea promptly betook himself to the Continent in order to escape such an infliction. Some pigeons, white as milk, were whirling aloft in the moist air, and the sun, invisible behind the grey clouds, diffused a pale chilly radiance, which made Alizon long for the blue skies and burning heat of Italy. Why did you throw away your cigarette? She seeks every possible occasion to share the Gospel with her husband.

Markings: God Hath

It is as evanescent as the dew, as unreal as moonlight; there is no flesh and blood reality about such platonisms.

Whom God Hath Joined

Tell me exactly what you mean. As Miss Corbin was ten years ago she was at present, and would in all human probability be at the end of another decade. What therefore God hath joined together, let not man put asunder.

Same man you went that Carpathian trip with? For marriage is a mutual affair.

WHAT GOD HATH JOINED TOGETHER

However, the heavenly, spiritual meaning of this command continues throughout history. Hard she undoubtedly was, and but little given to sentimental feelings, which was a great grief to her companion, Miss Minnie Pelch, who was tender-hearted in the extreme, and had oceans of tears on every possible occasion, from a wedding to a funeral.

Whom God Hath Joined

I prefer our gude Scottish tongue. True, temporarily, God did open a very narrow window permitting a man to divorce his fornicating wife. Therefore what God has joined together, let not man separate.

Whom God Hath Joined by Arnold Bennett

Some service was going on as they entered, and in the dim distance they saw the high altar glittering with gold and silver ornaments, beneath gorgeous draperies of yellow damask depending from the ceiling, and innumerable tapers flared like beautiful glittering stars against the brilliant background. When a believer falls into sin, it amounts to a 'slip up' because of our weakness in the flesh, where maybe a lie is spoken to get out of trouble, or a nasty word or burst of anger in response to a situation, or even that sexual thought of someone else. Trubbles with great satisfaction secured what she wanted.
