### Lewis Hine

They helped to transform American society, so that children are in schools instead of factories. He spent all of 1930 documenting the construction of the , taking hundreds of photos of the workers and work conditions.

### Lewis Hine: How Photography Ended Child Labour in the USA

The photographs taken by this educator-photographer changed history by exposing realities and condition, supporting the advancement of child labor laws in the early 20th century. Mother said, He helps a little.

### Child Labor Exposed: The Legacy of Photographer Lewis Hine

If you see something that doesn't look right,! During World War I, Hines worked as a photographer with the Red Cross and later photographed the construction of the Empire State Building.

### Lewis Hine

Many families depended on their children for income, and with no labor unions or safety regulations in place to protect children in the work force, employers were free to exploit this new form of labor. Hine balanced on beams 60 to 90 stories above city streets, capturing the exuberance and excitement as the magnificent skyscraper materialized.
