I really love Bishop Tutu. Tsangyang Gyatso, at the age of fourteen in 1697, was enthroned as sixth Dalai Lama. It is always a pleasure, however, to see the Dalai Lama so I did enjoy it in spite of the critiques above.

He is an inspiration to us all, and what we can achieve with faith. Something I learned from this film is that the Dalai Lama was initially sympathetic to some of Mao's stated goals. Later, the Dalai Lama asks Heinrich why he loves climbing mountains.

## How the Dalai Lama Took the Throne at Age 4

Particularly compelling are Craig's portraits of the Dalai Lama's siblings, who have negotiated with China on behalf of their country, enlisted the aid of international allies to spearhead Tibetan Resistance, and worked tirelessly to help thousands of sick and starving refugee children. Even animals respond if we are warm-hearted towards them. He succeeds in being the abbot of Sera monastery in 1525.

## His Holiness the 14th Dalai Lama

It would be fascinating to hear about all the events of his life from the Dalai Lama's point of view.

Marcello leaves us with questions of Tibet's future.
