It is later revealed that her Father's factory is about to shut down and that she must marry a business man to keep it open so that her family can survive. Later he interrupts Shishio's talk with Kenshin by bursting out of the ground and attacking Kenshin with his knuckle blades, claiming to have killed 99 people and that Kenshin will be the hundredth victim of his carving blades. ## KENS LN Volume 1 Illustrations

As Kenshin evades him using the divine speed, Senkaku tries to keep up with him by appearing each time behind him, boasting about his skills. He

is somewhat cowardly as he attempts to flee the village after being defeated. He can move at an unusually high speed while fighting, contrary to his size, however this creates stress on his body and ultimately leads to him breaking one of his legs while trying to follow Kenshin's movements.

### **Saikyou no Shuzoku ga Ningen Datta Ken**

However, this soon proves too much for the heavier warrior as his leg suddenly breaks for the effort, leaving Senkaku defenseless and crying for mercy.
