Storymaking And Creative Groupwork With Older People PDF Book

Many aspects of drama therapy make it an ideal technique to use with students with special learning needs. Its succinct and accessible style makes it an ideal starting-point for people new to groupwork, but also provides the more experienced practitioner with a perfect gateway into the wider literature. It describes working in groups, the use of story, and how to involve people in the enactment of the tales.

Art Therapy for Groups, A Handbook of Themes and Exercises, Second Edition. Its structure and format offer clarity and accessibility, exploring many themes that challenge the professionals within the field of special education prior to training a dramatherapist I would have found this book an exciting and accessible resource in the classroom. It is a welcome addition to the field of dramatherapy literature and should be on the reading list of dramatherapy training courses.

It is a welcome addition in the field of dramatherapy literature and should be on the reading list of dramatherapy training courses. She gives examples of how dramatherapy can actively support the curriculum and help integrate the therapeutic experience of the children and young people into wider areas of their education. Paula Crimmens has successfully tuned into the social backgrounds of older people and their values and standards.

UBC Press

Adopting a holistic and person-centred approach, which incorporates emotional and social needs, the author shows how the use of creative storymaking can: provide an experience of community for people who may be very isolated raise self-esteem provide contact and communication sustain the attention of members of the group longer than would be possible in one-to-one work provide entertainment and reduce boredom. Equally importantly, it is written with practice application in mind.

Storymaking and Creative Groupwork with Older People: Music, Meaning and Relationship: Crimmens, Paula, Crimmens, Paula
