

Illustrations of Canadian Fossils - Lower Cretaceous Marine Index Fossils of the Sedimentary Basins of Western and Arctic Canada. (Report, 36 Plates and 1 Table).

s.n - Диссертация на тему «Бореальные белемниты (Megateuthidae, Cyliroteuthidae) юры и нижнего мела: систематика, биоразнообразие, зональные шкалы, био

Table 1. Locality information for the 36 illustrations from sections exposed in the rock in the Paleozoic formations, western and northern, northwestern Alberta, Canada.			
Locality	Section (DIP NO.)	Section type	Notes
1	40801-01 40702-01	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
2	40801-02 40702-02	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
3	40801-03 40702-03	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
4	40801-04 40702-04	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
5	40801-05 40702-05	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
6	40801-06 40702-06	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
7	40801-07 40702-07	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
8	40801-08 40702-08	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
9	40801-09 40702-09	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
10	40801-10 40702-10	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
11	40801-11 40702-11	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
12	40801-12 40702-12	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
13	40801-13 40702-13	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
14	40801-14 40702-14	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
15	40801-15 40702-15	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
16	40801-16 40702-16	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")
17	40801-17 40702-17	Archeanite formation Bergshaven-orthoceras Bergshaven-orthoceras	Major fossil locality; concentration deposit in creek (archeanite) in River River; Not in situ; interpreted as a lateral accretion wedge (the "Tribal Scale Formation" or "Tribal Scale Formation")

Description: -

- Illustrations of Canadian Fossils - Lower Cretaceous Marine Index Fossils of the Sedimentary Basins of Western and Arctic Canada. (Report, 36 Plates and 1 Table).

- Paper (Geological Survey of Canada) -- 64-11 Illustrations of Canadian Fossils - Lower Cretaceous Marine Index Fossils of the Sedimentary Basins of Western and Arctic Canada. (Report, 36 Plates and 1 Table).

Notes: 1
