## Linked bibliography for the SEP article by David William Archard

It may not be possible to quantify in a determinate fashion the number of options open to a future adult. Protection of privacy Every child has the right to privacy. Thus, co-curriculum activities form a fundamental and central part of integral and quality education.

## Linked bibliography for the SEP article by David William Archard

Being thus naïve and inexperienced in the ways of the world they will not be as able, that is as qualified, as older and wiser humans are to make sensible choices. Steiner, Oxford: Clarendon Press: 235—301. One is in the medical context when determining which option should be selected for an ill or diseased child.

## Social and Emotional Development

To do this, the report pulls together data from both local sources of information and national sources. Minority culture, language and religion Children have the right to use their own language, culture and religion - even if these are not shared by most people in the country where they live.

## The Convention on the Rights of the Child: The children's version

Moreover a threshold has to be fixed. It typically refers to the way a young child acts and responds to different situations, and how he or she interacts with caregivers and strangers.

## Rights Bibliography

Although most were developed within the context of media violence research, they also help explain effects of other types of content and predict other outcomes besides physical violence.
