## Quality First

This initiative has led to the development of resources to support faculty and staff work in HIPs including a review of research, revealing significant gaps in what we know about them. She has over a decade of design and project management expertise in developing fully online and blended programs, including large-scale course developments. SEEDS Sensitivity, Encouragement, Education, Development through Doing, and Self-Image is a relationship-based professional development strategy for family child care providers to develop language-rich environments for the young children in their care.

## The Building Blocks of High

The physical environment provides safe and enriching experiences. Outdoor play has positive impacts on health and has been shown to combat childhood obesity and help develop stronger immune systems.

## Quality 101: Identifying the Core Components of a High

Furthermore, research continues to affirm the short- and long-term benefits for children who participate in high-quality early learning programs.

## Our Programs — QUALITY MATTERS...a STRONG START for kids

Early education programs typically combine funding from a variety of federal, state, and local sources. Transforming the Workforce for Children Birth through Age 8: A Unifying Foundation Washington, DC: National Academies Press, 2015 , 511—521.

This leaves parents facing a series of difficult choices, including prioritizing child care expenses over other household necessities; settling for low-quality child care that fits their budget; patching together multiple informal care options; or leaving the workforce altogether. Photo: Considerable research exists on the elements of high-quality early childhood education and its many benefits, particularly for low-income children and English

learners, but little information is available to policymakers about how to enact their visions of good pre-k programs. Teachers modify strategies to respond to the needs of individual children, and provide learning opportunities through both indoor and outdoor play.

## **Pages**

Relationships The relationships among children with each other and children with staff are warm, sensitive and responsive. Brooks is a member of the NCCU Distance Education Advisory Council, NCCU QM Coordinator, QM Master Reviewer, QM Program Reviewer, Course Review Manager, Face-to-Face and Online Facilitator of the APPQMR workshop, Face-to-Face Facilitator of the IYOC workshop, iQM Association member Spanish , and member of the QM Instructional Designers Association.
