Evidence suggests that Amazon is keenly aware of and interested in exploiting these opportunities.

### Yale Law Journal

A market with less choice and diversity for readers amounts to a form of consumer injury. A refusal to supply a facility which is essential for all businesses attempting to compete to use can constitute an abuse. Zoja was the only market competitor, so without the court forcing supply, all competition would have been eliminated.

### Competition law

Of these three traditional policies, nondiscrimination would make the most sense, while rate-setting and investment requirements would be trickier to implement and, perhaps, would less obviously address an outstanding deficiency. The way that Amazon has leveraged its dominance as an online retailer to vertically integrate into delivery is instructive on several fronts. Specifically, they stress that analysis applicable to firms in single-sided markets may break down when applied to two-sided markets, given the distinct pricing structures and network externalities.
