Pocketexpert Guide Ser.: Reef Aquarium Fishes : 500+ Essential

Perhaps, links to various organizations needing funds to restore ailing coral reefs? This book is very well written like all of Michael's other books. Please click YES if my review have been helpful to you, it will encourage me to continue writing and updating my reviews, and leave a comment if you have any questions, I will be more than happy to answer if I can be of help.

9781890087890: A PocketExpert Guide to Reef Aquarium Fishes: 500+ Essential

Use this as your guide and you won't go far wrong. The main 499 page section on Species Accounts starts with short sections on the Red tree foram and the various calcareous sponges found in reef tanks. Or links to organizations that are cracking down on illegal fishing practices in the Indian Ocean, for example? I always refer to this either when I'm shopping for a new fish or checking on compatibilities of the current stocking of my aquarium.
