Health and Medical Research in Sweden: Observatory on Health Research Systems

AASS employs researchers and Ph.

Development research in Sweden

The department is a partner in the Area of Advance in Materials Science, hosted by Chalmers. You can apply for such a permit while you are in Sweden. As a student progresses through these cycles, each year of full-time study corresponds to the ECTS standard of 60 credits, facilitating transfer and equal recognition throughout Europe.

Residence permit after research

The researchers address compact representations, scan registration, change detection, and loop closing.
