Nuclear Weapons Abolition

The Court moreover notes the signing, even more recently, on December 15, 1995, at Bangkok, of a Treaty on the Southeast Asia Nuclear-Weapon-Free Zone, and on April 11, 1996, at Cairo, of a treaty on the creation of a nuclear-weapons-free zone in Africa. Perhaps the toughest case is Pakistan, currently an ally in the war on terrorism.

3 Questions: Jonathan King on the future of nuclear weapons testing

Besides threatening public health, safety, and the environment, evading federal law to license the ISP facility would also impact the public financially. Szilard argued that the use of the atomic weapons against Japan was likely to start a dangerous nuclear arms race between the US and Soviet Union.

US Nuclear Weapons in the Netherlands: A First Appraisal

Under these circumstances the Court does not consider itself able to find that there is such an opinio juris. Eisenhower Library, Lauris Norstad Papers, box 85, Policy File Serie, Atomic Nuclear Policy 1961 With the stockpile agreement in place, by 1961, Volkel Air Base in the Netherlands would become a well-known for U.

Nuclear Weapons and Scientific Responsibility

Leaders of the University proudly proclaim that they are performing a national service, and seem to give little thought to the dangerous nuclear nightmare they are perpetuating. Cees Wiebes, had his own personal experience with the secrecy regime that blankets nuclear deployments in the Netherlands.

Nuclear Security & Nonproliferation

Finally, the implications of the presence of nuclear weapons on nearby Dutch towns and villages as well as for Dutch political and social movements are issues that historians have begun to address but remain to be fully explored.

Nuclear weapons and scientific responsibility (Book, 1999) [ne-x.uni.rf.gd]

Nonetheless, the weapon was used just three weeks after its first test at Alamogordo, New Mexico on the Japanese city of Hiroshima, and then three days later on Nagasaki .
