Attributes of the Mother of the Gods on Terracottas from Olbia Pontike and Asia Minor

Die Formen 3 und 4 sind im allgemeinen dickwandiger als 5, die Keiche von 6 im Durchschnitt kleiner als jene von 5, meistens auch zierlicher im Schulterprofil und gestauchter im Schalenumriss.

Pagano, Attività della Soprintendenza per i beni archeologici di Caserta e Benevento, in ACT 48. On the obverse DIVUS AUGUSTUS PATER Angustus sits on a backless throne, footstool under his feet, wearing a radiate crown, grasping a scepter in his left hand and holding out in his right a branch of olive or laurel; behind is a large altar.

Bibliografia

Als Basis für die Gruppierung dienen wiederum in erster Linie die Schulterprofile; aber auch Henkel und Füße sind jeweils charakteristische Details.

Submission » DergiPark

На изъясн его «соседки» обратили внимание III. This leads me to state a major premise: to date the cups, one must begin with iconography, including under that heading not only content e. And it makes me very impressed.
