One is that among the more sincere leftists can be found passionate anti-Zionists, including many Jews, who have been so naive as to judge Jews by the same standards as Gentiles, 9 They, likewise, have been smeared as anti-Semitic. In Britain, members of the Jewish Socialist Group had received bomb threats at their homes, and Palestine Solidarity speculated intelligently that this could have been a spill over from an AIPAC style operation.

Which is why they brand them fascists, racists, anti-Semites ad nauseum. In 1988, Zundel was again convicted, however, he appealed all the way to the Supreme Court, and in 1992, his conviction was reversed, 10 1 say persecution rather than prosecution.

Our practice must always be to examine critically the policies and actions of all those who hold positions of power and judge them on the basis of whether or not their actions take us closer to or further away from a fairer and more democratic world. Thus, when a Revisionist meeting is disrupted by Zionists and their socialist fellow travellers, this is a natural, understandable, and indeed laudable, reaction. Again, I must stress that I am most grateful to Professor Gilbert for his helping to establish the fake Hitler genocide quote and the Dr Mengele fabrication mentioned earlier, but Professor Gilbert's integrity and thoroughness are not matched by his critical faculty, something every historian should develop to a high degree.

One has only to study the Jewish press to realise the depth by Alexander Baron, published by Anglo-Hebrew Publishing, London, {October,

1994. Certainly, most of the major non-Revisionist works on the Final Solution are written by Jews, in particular the three standard works by Hilberg, Reitlinger and Davidowicz.

But when Udo Walendy made similar - though more comprehensive and documented - assertions, he was branded an anti-Semite. Under English law - or any code of law worthy of the name - the prosecution must prove its case only beyond all reasonable doubt.

Alexander Baron, Sydenham, London, England. The popular front against Holocaust Revisionism is in fact made up more or less of the same rag bag mob of leftists and fellow travellers who can be found in the campaign against racism. L. If such gasings indeed took place then it should be possible to explain exactly how they took place. There is strong evidence that such outfits are used by agencies of the Secret State and other covert organisations for their dirty tricks operations. They have their own shops, their own schools, community centres and must live within virtual spitting distance of a synagogue where they pray three times a day.

Holocaust Denial

Was the attempted assassination in London of Israeli Ambassador Shlomo Argov by Palestinian would-be assassins more than forty years later anything but a cowardly act? Later, he gave me a book written by two APL staffers, and later still, after I'd traced the history of this anti-Semitic quotation - and the non-existent book it is culled from - I published a pamphlet on it and two others. As Professor Gilbert is himself Jewish, and obviously a dedicated anti-Nazi, his fruitless search is an excellent endorsement of the reality of the anti-Nazi lie and anti-German hate machine. Clearly this shows that other factors besides smoking must be at work, 2 Anti-Semitism is hatred of or hostility towards Jews, specifically because they are Jews, Hatred is an emotion, and emotions, however unpleasant or unjustified, are not diseases, 3 JUSTICE DELAYED, by David Cesarani, published by Heinemann, London, 1992, page 199, 63 HOLOCAUST DENIAL: NEW NAZI LIE or NEW INQUISITION? Clearly, the figure of one thousand Jews murdered has no basis in fact.
