And the light shineth in darkness, and the darkness comprehended it not. The system of verb conjugation in Kartvelian languages is multipersonal; that is, the verb forms can indicate the person of the subject the and of the direct or indirect object by the use of special prefixes.

Kabardian Language

The pronominal system of Proto-Kartvelian is characterized by the category of inclusive—exclusive i. Adyghe or ; Adyghe: Адыгъабзэ, adyghabze IPA: , also known as West Circassian КIахыбзэ , is one of the two official languages of the in the , the other being . The grammatical characteristics of the Abkhazo-Adyghean languages include an extremely simple noun system and a relatively complicated system of verb conjugation.

phonemes

However, the alveolopalatal labialised fricatives were sometimes realised as alveolar labialised fricatives, and the uvular ejective stop in the past tense suffix - was often pronounced as glottal stop, due to the influence of the and languages. He published a collection of Ubykh folktales in the late , and the language soon attracted the attention of linguists for its small number two of phonemic vowels.

phonemes

Nouns do not distinguish ; feminine gender is distinguished in the verb paradigm only. Positions Changes in the verb take the role of prepositions.
