Additional evidence suggests that trazodone may aid erectile function through  $\alpha$ -adrenoceptor blockade and the subsequent reduction in the sympathetic tone.

### The Juvenile Justice System

A spouse who is capable only of realizing or contributing to the good of the other party qua persona rather than qua conjunx would be deemed incapable of contracting marriage.

### The Annulment That Wasn't + Quadruple HUH???

In response to parental harassment and social pressure, instead of yielding out of grave gear, the person resolves to comply with all external ceremonies demanded by church and tribe, firmly resolved to free oneself from the imposed marital bondage at the first occasion. Evidence reviewed by Segraves suggests that serotonergic neurotransmission has an inhibitory effect on male sexual function and ejaculation.

**G.R. No. 161793**

Another possibility in the case of antihypertensives is the reduction of blood pressure in the face of penile arterial atherosclerosis. I did interview the son because I was not satisfied with what I gathered from both Trinidad and Valerio and even though as a young son at the age of fourteen already expressed the he could not see, according to the child, the sincerity of maternal care on the part of Elena and that he preferred to live with the father actually.
