Drug Decriminalization

They can cloud your judgment, distort your perceptions, and alter your reaction times, all of which can put you in danger of accident and injury. Cigarettes, Alcohol, and Marijuana Cigarettes and alcohol are two other kinds of legal drugs. A grownup can help the person find the treatment needed to stop using drugs.

Which Is More Dangerous: Alcohol or Drugs?

Drugs don't solve problems, of course.

Drug Decriminalization

Abuse was considered the mild or early phase of inappropriate drug use that led to dependence. I will never consume alcohol. In many cases, these drugs are much easier for teens to procure, yet they can have dangerous, even lethal, side effects.

What are illegal drugs?

There is a lot of talk about drugs in the world—on the streets, at school, on the Internet and TV.

Information About Illegal Drugs & Alcohol Abuse

The more risk factors a person has, the greater the chance that taking drugs can lead to addiction. For others it can also bring change at a time when we are least able to adapt to change. Ongoing therapy and support groups can help you recover, stay on track, and address symptoms of relapse.

An Overview of Substance Use

Fact: Short-term medical use of can help to manage severe pain after an accident or surgery, for example. Marijuana is generally an illegal drug.
