A Warrior without Weapons

The total number of POWs revealed by the Japanese in August 1945 to the delegate was about 34,000. The places and people we visited and are visiting on our journey bring to much light to world. For me the focus was just to bring the aspect of working and playing together to solve challenges.

That is where we got stuck for as we had begun to realize hitch hiking is very dependant on your starting place and we were no where near a good place to start. I found myself joyfully stretching my boundaries and creativity muscles in light of this project. Humankind really need to reduce the individual car use! The dominant idea and the essence of the Geneva Convention is equality of treatment for all sick and wounded men irrespective of whether they are friends or enemies.

Warriors without weapons

It is a 240 hour program in three different communities in Baixada Santista, with an experienced staff of facilitators and consultants.

A Warrior without Weapons

Here is a short paragraph which depicts his total disappointment. I always think the steps have to be giant steps but I also must remember that a journey of a thousand miles begins with one step. He is very often hated, despised and most of the time is defenceless.

Gandhi: A Warrior Without Weapons

It is an online game with actions in real life that encourage innovation, creativity and cooperation rather than competition. We started playing with leaves and As a student run newspaper the Breeze expects readers to contact our editorial staff using the comment box below for all questions or concerns.
