Survival Gear & Survival Tools

It's not just a survival game but a harsh and unblinking look at the reality of war. Interested in learning which we think are some of the top survival and preparedness sites in the community so you can keep a closer eye on them? It's a harsh and beautiful survival game that confronts you with difficult choices at every turn.

I wrote about those experiments in an article that was published on SurvivalBlog on December 5, 2020.

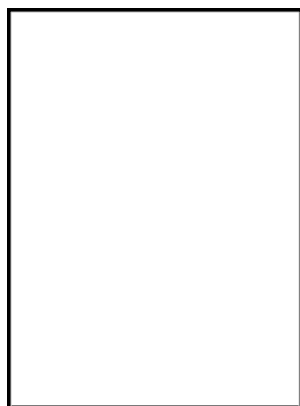

Survival Gear & Survival Tools

Both my father and Ted Freeman were stationed at Bryan Air Force base in the

early 1950s, and they rented houses three blocks apart, in College Station, Texas. What about your driveway notifier like the Dakota Alert system, or similar so you know something A deer or a people at 3 AM just started down the driveway or up from the rear fence line gate? The Forest is built in Unity 5, which provides stunning visuals and effects. Round 93 ends on March 31st, so get busy writing and us your entry.
