Single Market Definition

OECD 1994 Economic Outlook, OECD, Paris. Stanyer, Contemporary Political Studies, vol.

Single Market Definition

The expansionary response to the crash led to a development in which the composition of social capital looked more than ever like an inverted pyramid.

European Single Market

Low wage levels in Britain do not, on their own, amount to a competitive advantage and might well reflect poor productivity performance.

The European Community and 1992 on JSTOR

This reflects general principles of equal treatment and citizenship in articles 18 and 20.
